'One Stop' Banking To Speed Service

A further change in the steady improvement of banking service has been introduced at the Didsbury Branch of the Royal Bank of Canada, and according to C.P. Nicholl, is proving of great value in speeding up service to customers.

By re-arranging office space it is now possible to offer "one stop" banking to saving account customers, a relatively new procedure that greatly speeds up service to those depositing and withdrawing funds.

Hitherto, the practice has been for a savings customer to make his deposit to the teller's wicket and have his book "drawn up" by another bank officer. Now the two functions are completed in one operation by the Savings Teller alone, who henceforth become a "teller-keeper." In addition, the introduction of a two-wicket "all purpose" tellers' enclosure means extra convenience and faster service to customers.

Mr. Nicholl, who has been manager at Didsbury for several years, is very pleased with the results since the new system was introduced and states: "It is very gratifying to be in a position to give this better service to our many friends in the district."

Zella Institute Elects Convention Delegate

The Zella W.I. held its February meeting at the home of Mrs. Arthur Waldruff on Thursday, February 21, with 13 members present. The roll call, "What I would do if I won \$1,000," caused a little wishful thinking.

An acknowledgment was received from the Junior Red Cross Hospital for the toys sent at Christmas time from the Zella W.I.

The letters from Mrs. McGorman were read and members voted in favor of the funds being used for the A.C.W.W. entertainment.

Mrs. E. Waldruff was the elected delegate to the bi-annual conference to be held in Odis April 21 and 22.

"Fats" was the Home Economic topic chosen by Mrs. E. Waldruff and she discussed methods of rendering, clarifying and uses.

Mrs. Mike Knights conducted a quiz game on trees with Mrs. Tony Spooner being the winner of this bit of fun.

A lovely tea cloth, made by Mrs. Leon Grace and presented to the Zella W.I. was raffled amongst the members and Mrs. Dan Butcher was the winner.

Mrs. H. Christensen won the door prize.

The next meeting takes place on March 20 at the home of Mrs. H. Christensen.

The pleasant afternoon concluded with the singing of God Save the Queen and lunch was served by the hostess.

Mrs. Tony Spooner and Mrs. John Hansen will be co-hostesses at a Zella W.I. card party to be held at the Inverness school Thursday, February 28. Everyone welcome.

MRS. M. CAMPBELL HOSTESS TO WESTCOTT W. A. GROUP

Seventeen members and four visitors gathered at the home of Mrs. M. Campbell for the February meeting of the Westcott W.A. and the devotionals was taken by Mrs. O. Blain.

The Citizenship topic on Health was given by Mrs. L. Scott, and Mrs. Geo. Youngs gave the Missionary topic.

Mrs. P. Hoesegood was appointed delegate to the W.A. Conference to be held in Ponoka on February 22. The March Meeting will be held at Mrs. Earl Klink's instead of at Mrs. Cliff Ekestrand's.

The meeting closed with "Blest Be the Tie" and the Benediction by Rev. Armstrong.

Lunch was served by the hostess at the close of the meeting.

Former Local Girl Is Talented Singer

Mrs. Velma Traub of Didsbury recently received a letter from Mr. J.C. Hembling, field representative for the Canadian National Institute for the Blind at Penitence, B.C., and former school teacher at Didsbury. In which he outlined the success of his daughter Sydney Barbara Hembling, who is now developing into a talented singer.

Mrs. Hembling received her first audition at the M.G.M. studios on August 17, 1951, and was tutored by Mr. Allen Rogers Lindquist and should go far in the entertainment world according to musical critics in the United States. She has since appeared on National Television Network and has been offered a place on the European tour this summer by Dr. Jopper, head of the Music Department of the University of California at Los Angeles.

The O. Hembling family were early residents of the Didsbury District and farmed east of town, and later moved to B.C. Their son Clarence was a former high school teacher in Didsbury and was unfortunate in going blind. He is now field representative for Canadian National Institute for the Blind at Penitence.

February Meeting Of Rugby Bluebells

The February meeting of the Rugby Bluebells was held at the home of Mary Lou and Lillian Hoesegood on February 21 with eight members present. Roll call was answered by book reports and a baby picture, along with a recent picture of fun.

It was decided to have a skating party on March 1 with everyone bringing cake or sandwiches.

Viola McNaughton gave the five-minute talk and spoke on the "Food and Drug Act."

The remainder of the afternoon was spent in learning how to make picture frames with crested cotton. This was demonstrated by Mary Lou and Maxine Hoesegood.

The next meeting will be held at the home of Viola McNaughton, and everyone is to bring a picture to illustrate their book.

Stan Janzen was in Calgary last week taking an L.H.C. refresher course.

Prizes Presented At Annual Banquet Of Game Association

Ken McCoy Rink Wins Legion Bonspiel Final

An extra end was necessary to decide a winner in the Legion bonspiel held Monday and Tuesday of last week. Tied at the top of the standing with 29 points each after playing three games in the total point competition, the McCoy rink and Yellowfords foursome returned to the ice for a single end play-off. The McCoy aggregation scored on the extra end and won first prize in the Legion bonspiel.

Playing with McCoy were Murray Anderson, third; V. Umbach, second; Roger Jarrett, lead. Yellowfords was supported by Jack Underhay, third; Allan Marsh, second, and Gordon Marsh, lead.

Third prize in the event went to the McCoy rink, which scored 21 points. Playing with Fred were Jim Sinclair, third; George Youngs, second; Bill Egging, lead.

The McCoy rink, with draws being held between 9 a.m. and 6 p.m.

West Telephone Co. Plans Rate Increase

A good attendance of shareholders and much interest characterized the annual meeting of the Didsbury West Mutual Telephone Co. Ltd. held on Saturday, February 23rd in the Lions Hall.

The president outlined the activities of the year and gave reasons why it was felt necessary by the Board of Directors to recommend that the rates be raised, and that subscribers contribute two days labor each year or the equivalent with the object of placing the lines in such condition that trouble may be eliminated and reasonably good service expected.

Mr. Ross Youngs read the financial report, which after discussion was adopted.

Mr. V. Wrigglesworth and Mr. C. Murphy were nominated to fill the vacancy on the Board caused by the resignation of Mr. John Fokmann who has moved to town, and Mr. Wrigglesworth was elected by a 22-18 vote.

The retiring members of the Board, Mr. Harvey Hoesegood and Mr. Henry Fischer were returned by acclamation.

Mr. Hoesegood outlined his plan for putting the lines in better condition by rebuilding the line entirely, commencing at town, and working out until the whole system had been renewed. Discussion following this plan disclosed that such action would require full time service of a lineman and co-operation of subscribers when called upon.

The setting of the rate was left to the directors to determine, after thorough investigation, into costs involved.

The executive for the year is composed of Mr. James Hughes, president; Mr. Harvey Hoesegood, vice-president; Mr. Ross Youngs, secretary-treasurer.

MELVIN NOTES

Mr. and Mrs. E. Dupont and family were Sunday guests of Mr. and Mrs. J. Richardson at Sundre. Other guests were Mr. and Mrs. E. Dupont Jr. and family, Mr. and Mrs. A. Jackson and family and Mr. and Mrs. W. Bernard and Dennis.

Regular Meeting Of Mountain View W.I.

The February meeting of Mountain View W.I. was held at the home of Mrs. Eric Atkinson with nine members and three visitors present. Roll call was an exchange of favorite recipes.

Mrs. Lawrence Hunter gave an interesting topic on Old Age Pension and Mrs. James Worrall demonstrated the making of bedlinens, some of which are being made for the Didsbury hospital.

The report of two whist parties was read and another one planned to be held at Mrs. Ed Blain's home on February 27th, in the evening.

Mrs. Arthur Gehers won the ten-cent draw, and Mrs. Otto Bittner the "bit of fun."

After singing God Save the Queen and G. T. Hughes and Mrs. L. Hunter helped the hostess serve a very nice lunch.

There was the usual full attendance at the annual banquet of the Didsbury Fish and Game Association in the Lions Hall on Wednesday evening, February 20, and a variety of buffalo, elk, ham and beef, together with five large arctic trout, gave those at the banquet a variety of wild game and fish to choose from.

Ed Ford, President of the Association, was chairman for the evening and the address and welcome was given by Mayor H. Lynch-Staunton. Visitors from Carstairs and Olds were introduced, together with the Secretary of the Alberta Fish and Game Association, Mr. George Spargo.

Mr. E.B. Grange presented the Crow and Magpie Campaign prizes to the winners, and Clarence Lutz received the glass fishing rod, reel and line, donated by D.S. McDonald and Son; second was won by Leslie Goetten; third by John Smallwood and fourth by Allen Lutz.

Ed Ford presented the prizes in last year's fish derby, and Mrs. L. Jacobsen won first for the largest trout, and Mrs. Jean Bellamy first for the largest pike.

The 1952 President, Mr. E.B. Grange, was installed in office and spoke briefly.

Mr. George Spargo, Secretary of Alberta Fish and Game Association was guest speaker and lauded the good work of the Didsbury Fish and Game Association in promoting better hunting and fishing in the district, as well as aiding in conservation. Mr. Spargo was highly enthusiastic over the Raven Picnic as a gathering each summer for sportsmen and announced that the parent body would donate \$70 this year toward the picnic fund. He also announced that Certificates of merit and commendation would be given to the good sportsman. Ed Ford, George McDonald and Ed Grange for their efforts on behalf of the sportsmen of Alberta.

At the close of the banquet program Mr. Spargo showed slides of historical places in Alberta, which he took on a trip last summer, and Mr. Ed Wiggins showed pictures dealing with Mr. Spargo's Yukon trip, and on pleasant hunting operations in Alberta last year.

WESTCOTT NOTES

Congratulations to Miss Eileen Dageforde who by her superb skating ability has been making a name for herself at all the local carnivals. Also to Garry Weidner, another Westcott boy who, too, is being able to handle himself well on the blades.

There seems to be a lot of sickness around and the Murphy family has measles, while Leslie Goetten suffered a relapse with mumps and has been quite ill at his home since last Wednesday. Mr. Goetten too, has been ill, and Ray Sanderson, who is recovering at the Goetten farm doing chores.

Mr. and Mrs. H. Papke, Mr. and Mrs. Wes Papke and Mrs. B. Poirier visited on Sunday at the Herb Goetten home.

Our best wishes are extended to Mr. Bill Bogner who met with an accident while lighting a fire with gasoline last week. We hope, Bill, the burns aren't too severe and you are home from the hospital soon. Mr. and Mrs. John Bogner, Bill's parents of Calgary, are here on the farm while Bill is convalescing, and Mrs. Chas. Topping, Westcott storekeeper, is giving the Bogners a helping hand with the farm chores.

Mr. and Mrs. Herb Goetten attended the Municipal Meeting of the Knoch Hill Municipality at Three Hills last Monday afternoon and they and Mr. Fred Meier, who also attended, were dinner guests of the Reeve, Mr. Hugh Parry, that evening before returning home.

A very small crowd was in attendance on Monday evening at Rugby to hear Mr. Lachlan, D.A., Mr. Sterling, of the MacLachlan Experimental Station, and Mr. Fred Meier, Field Supervisor, discuss and show slides on soil erosion by wind and water. Good farming methods were stressed not only in the machinery end of the operation, but above all the use of good certified seed. Mr. Snyder brought to the audience's attention how all must be on the look out for rats so as to keep the rat menace down, and best of all, out of Alberta.

CANADA'S FIRST FARM
The first effort at agricultural

Canada made by white men was
that undertaken by French settlers
in 1605 at Port Royal, now Annapolis

The first real farmer, however, was

Quebec, in 1617. The land was

BEEF FREIGHTED OUT BY AUSTRALIAN RANCHERS

In the Kimberley district of north-west Australia, a scheme has been under way for the past few years whereby cattle from the isolated ranches of the interior are slaughtered locally and the beef is freighted out by plane to the port of Wyndham 180 miles away by air. Prior to this development, herds had to be driven over an arduous 300-mile route with loss of cattle, and of the condition and value of those which survived. This journey could be undertaken only with strong, mature cattle, and the old stock was left on the ranches to die. Properties in the Kimberley district cover immense tracts, ranging up to 1,100 square miles. Many ranchers could not state to the nearest thousand how many cattle they had, but a rough calculation is made by multiplying the number of cattle branded each year by five. Due to the remoteness and almost complete inaccessibility of the region, it is referred to locally as the "underworld". It was under these difficult circumstances that a way was sought to market cattle more profitably and thus improve the economy of the area.

By the end of 1952 about 700,000 Canadians will be receiving federal old age pensions; this number combined with children in receipt of Family Allowances will bring number of Canadians receiving monthly Ottawa cheques to about five million.

United Church. While living in Carstairs she belonged to the Carstairs United Church.

She is also survived by a daughter, Mrs. Eva Mary Hipkin, Calgary; three sisters, Mrs. Geo. Parsons, Vancouver; Mrs. D. MacLeod, Saskatoon; and Ethel M. Hodgins, Vancouver; two brothers, Alec Hodgins of Vancouver and W.G. Hodgins, of Calgary; three grandchildren and five great grandchildren. Her husband, Joseph, predeceased her in 1933.

Rev. J. Kirk conducted funeral services in the Carstairs United Church, Saturday, February 16 at 2 P.M., with interment following in the family plot at Carstairs Cemetery.

Seagram TELLS THE WORLD

"For clean taste... look to Canada"

"Say 'Canada' and you think of sparkling-clear air; of icy, tumbling streams; of sun-drenched farms and orchards. It seems only natural, then, that there should be an especially clean taste to so many of the good things from this favoured land."

The above illustration and text are from an advertisement now being published by The House of Seagram throughout

the world—in Latin America, Asia, Europe, and Africa. This is one of a series of advertisements featuring Canadian scenes and Canadian food specialties. They are designed to make Canada better known throughout the world, and to help our balance of trade by assisting our Government's efforts to attract tourists to this great land.

The House of Seagram feels that the horizon of industry does not terminate at the boundary of its plants; it has a broader horizon, a farther view—a view dedicated to the development of Canada's stature in every land of the globe.

WEDDINGS**BRAY - HUGHES**

A quiet but lovely wedding took place at the United Church Manse in Didsbury on Thursday, January 24th when Oliver Hughes, youngest daughter of Mr. and Mrs. Enoch Hughes became the bride of Mr. Franklin Bray, only son of Mr. and Mrs. John Bray of Ontario.

Rev. C. C. Armstrong performed the ceremony.

The bride looked lovely in a grey tailored suit with pink and grey accessories. Her corsage was of pink roses.

The bride was attended by Miss Doreen Gillette, who wore a suit of steel grey with blue accessories. Her corsage was of blue tinted carnations.

The groom was attended by Mr. William Hughes.

Following the ceremony a wedding dinner was held at the home of Mr. and Mrs. David Pratt after which the couple left for a short honeymoon.

Mr. and Mrs. Bray have taken up residence at Hanna.

PAPKE-POIRIER

St. Valentine's Day was chosen for the wedding held at the Redemptor Lutheran Church in Didsbury, of Miss Ruby Evelyn Poirier of Port Alberni, B.C., daughter of Mrs. Jeanette Poirier of High Prairie, Alberta, and Mr. Wesley Ernest Papke, son of Mr. and Mrs. Herman Papke of Didsbury.

Rev. E.B. Fox officiated.

The bride, who was given in marriage by the groom's elder brother, Mr. Hubert Papke of Big Prairie, Alberta, was gown in the traditional ivory satin gown, cut with a fitted bodice and long sleeves with tiny buttons closing the back, and drop yolk of nylon lace net. Her long full skirt was caught up with bows of satin, revealing the lace inserts of nylon matching the yolk. Her floor-length veil fell from a headress in coronet fashion of seeded pearls designed in bow shape. She carried a large bouquet of deep pink carnations.

Attending the bride was the groom's sister, Miss Edna Papke, and his niece, Miss Elaine Goepfert. The former as maid of honor wore a blue taffeta dress with bodice in gold metallic while the latter as bridesmaid wore a pink gown of nylon net over taffeta. Both attendants wore identical headress and mits to match their gowns, and carried bouquets of mixed spring flowers.

The groom was attended by his brother, Mr. Kenneth Papke, and the ushers were Mr. Cyril Papke of Eckville, Alberta, and Mr. Lloyd Devine of Didsbury.

Miss Patricia McDonald was soloist and during the signing of the register she sang "Because", accompanied at the organ by Mrs. E.B. Fox.

A reception was held at the home of the groom's parents to which about 50 people were seated to a delicious dinner. The room and the bride's table were especially decorated in the Valentine motif and colors. The table was centred with a three-tiered wedding cake flanked by tall tapers and tiny roses. Rev. Fox proposed the toast to the bride to which the groom responded. Many other toasts and short speeches followed during the course of the dinner hour.

Mothers of both the bride and groom were in the receiving line at the reception and looked charming. The bride's mother was dressed in a bright blue gabardine suit and her corsage was of deep roses, while the groom's mother wore a figured mauve jersey dress and a corsage of yellow roses.

Miss Shirley Janzen and Miss Gail Anderson were the servers, along with the help of Mrs. Joyce Johnson, Mrs. Cora Banting and Mrs. Eva Neufeld.

In the evening Mr. Chas. Brown of Rugby held open house to the bridal party and guests, with Mrs. Lena Sanderson as hostess and enjoyed an evening of dancing and merriment. The bridal couple received the gift of a purse of money from all those present, for which they in turn thanked everyone, especially Mr. Brown and Mrs. Sanderson for their fine hospitality.

Mr. and Mrs. Wesley Papke expect to leave shortly for British Columbia where they intend to make their home.

SET \$26 PER 100 POUNDS AS FLOOR PRICE ON PORK

The Federal Government has taken steps to prevent a possible sharp break in pork prices. It has announced that a floor price of \$26 a 100 pounds has been established for hogs coming on the Canadian market between now and Sept. 30.

The Agriculture Department said it expects the action will stabilize the price of pork for both the consumer and the producer—the consumer will go on paying present-day prices, and the producer will continue to be paid current prices. A department official said the action was taken to prevent a possible sharp drop in pork prices. Hogs now are coming on the market in large volume and it was possible that packers would force down prices sharply.

The price paid to producers has dropped from a high of \$30 a 100 pounds to the current price of about \$26 a 100.

The department announced that it has discontinued the policy of buying Wiltshire sides at \$32.50 a 100 pounds. The Wiltshire sides were a processed pork product purchased to fill in on contract with the United Kingdom.

Under the new program the department will pay not less than \$26 a 100 pounds, warm dressed weight, for grade A carcasses at public stockyards at Toronto and Montreal. There will be price differentials for other principle stockyards throughout Canada. For instance, the price at Winnipeg will be \$24.50.

The official said the price of \$26 was about what producers now are receiving in Montreal and Toronto.

Agricultural SERVICE BOARD NOTES
W.K. Snyder,
Field Supervisor

Meetings:

On February 19 at the new Davis school about 80 people were out to attend the Service Board Program. There were 75 in attendance at Lone Pine on the 20th, and 60 at Mt. View Hall on February 21. We are very well pleased with this good attendance in spite of very cold weather. The films, Kitchen Come True, and Frozen Foods together with a short talk by a District Home Economist was very interesting for the women. The films in technicolor Soil is Our Heritage, Just Weeds, Naughtiness, 24-D, and Weedone News feel all graphically showed what science has done in recent years to aid the farmer in the eternal struggle to combat weeds. Perhaps the most beautiful film from point of expert photography and color is the picture B.C. Fruits. This shows the British Columbia fruit section of the Okanagan Valley and follows the season through from fruit tree pruning time, cultivation, spraying the trees, blossom time, fruit picking, packing and shipping. For those who have not seen fruit growing on the trees this is a rare treat. You won't want to miss seeing this film as well as the others. Then of course we have a comedy for the kiddies that never fails to get a laugh. On Monday, February 25 we will be at the Rugby Hall, Tuesday, February 26 at Eagle Hill Co-op Hall, Wednesday, February 27 at Mayton Hall, Thursday, February 28 at Westdale Hall, and on Tuesday, March 4th at the Carstairs Hall. Mr. Gordon Sterling of the Department of Agriculture, Edmonton, has promised to be with us and be the main speaker at these meetings. Mark these dates on your calendar and plan to take in these shows, you will enjoy them.

**Put away your Overshoes,
but don't shed your CAUTION!**

If the weather pattern runs true to form we can count on another 6 to 8 weeks of hazardous highway conditions. Sudden sleet storms, snow and frozen rain slicks will add to the danger.

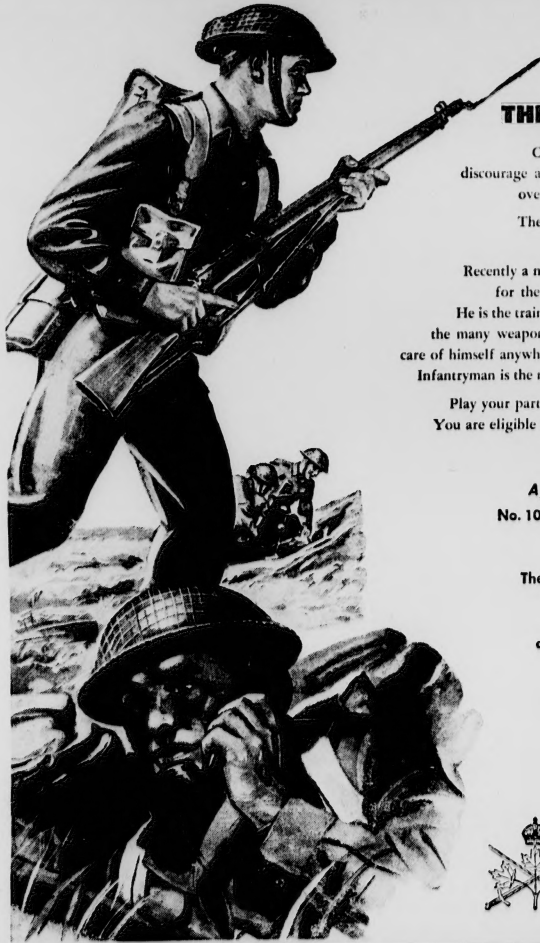

Don't let a few days of relatively pleasant and safe driving conditions lure you into dropping the caution you used all winter.

Be Careful - the life you save may be your own!

M.V.B.C. NEWS

The past week has been one of spiritual value to the entire College group. On Wednesday the entire day was given to prayer and fasting, and in the evening a service was held in the church at which Rev. C. E. Thompson of Edmonton spoke. On Thursday and Friday Dr. Thompson addressed the students in afternoon sessions, and each evening the services were open to the public as well. Classes were lifted throughout these days, and students gave their entire time to the inspirational instruction from this man who has spent so many years in educational work.

Most of the students were again actively engaged in Christian service on Sunday. The places to which they were sent are: Bergen, Calgary, Gimlet and Aurora, Big Valley and Mountain View Community Hall. They again taught Sunday school, sang special numbers, gave object lesson talks, preached and fitted in to whatever needed to be done.

Miss Dorothy Thompson, Registrar, Mr. Gledhill, high school instructor, and Mr. Chas. Nelson, Dean of Men, all of the Nazarene College in Red Deer, were Sunday guests in the College. Miss Thompson is the only daughter of Dr. Thompson, the guest speaker in the United Missionary Church on Sunday.

Miss Doris Salmon, outgoing missionary to Africa, a graduate of this College, spoke to the students at a special supper meeting Tuesday evening in the College dining room. Miss Salmon's sister, Lois, left very recently for the mission field in India. These girls are the daughters of Mr. H. C. Salmon of Acadia Valley.

A number of the young men from the College went to the woods west of Bergen to help the crew of men at work there in their efforts to get lumber for the new church in Calgary. The spirit of cooperation in our student body is evidenced by the willingness of others to do the work around the buildings for those who go. Of course, that is true of our student body throughout all of their activities.

Mr. G. Lyle Richardson was at his best on Sunday as he led the congregational singing in the United Missionary Church. It isn't often that he is able to do this because of the many outside engagements that are his. He also brought four special numbers in song during the afternoon and evening services.

We know that friends in the town and country are anxiously waiting for the special musical events of the spring. Some of them are in the immediate future. We trust that as they are advertised, that each one will tell friends so that no one will be disappointed in not having heard.

The Community Choral Society will meet again in the Chapel on Thursday evening at 8:15 p.m. We do not anticipate any further interruptions as to the place.

The season of the year in which programs of public interest will be presented by the College is here. The first, and possibly the one for which many people of the community have been waiting, is that of the Artist Music Recital. The Professors of Music, Mr. G. Lyle Richardson and Mr. John Wilson, will present select numbers in both voice and piano. These young men form the Faculty of Music Department of the College, and are unusually qualified to bring sacred and classical renditions of the best in the music world. Their success in both fields of voice and piano is acknowledged by all who have heard them, or who have heard the students whom they have tutored. You will want to hear them. A notice of this is to be found elsewhere in the Pioneer.

Artists To Appear In Musical Recital

Friday evening, March 7, Mr. G. Lyle Richardson, baritone, and Mr. John F. Wilson, pianist, will open the musical season with the annual artist's recital. Both Mr. Richardson and Mr. Wilson have prepared a program with taste and care, and are anxious to present to the Didsbury community an evening of music that should measure up to the satisfaction of all who attend.

These gentlemen are seasoned performers and have achieved a distinguished reputation both in the United States and Canada. They have set aside various aspects of a career in order to establish a qualified music department at Mount Allison University in Didsbury.

Mr. Richardson will be singing songs by John Prindle Scott, Van de Water, and Handel. He is known in Scandinavia for his interpretation of Negro spirituals and this past summer his name appeared in the press along with the renowned name of Marian Anderson. Several spirituals appear on the program.

Mr. Wilson has chosen works from such masters as Beethoven, Handel and Chopin. His playing is especially brilliant and electrifying when doing works of this Polish composer. He will play transcriptions of several famous themes never before heard in recital.

This year the recital will be held in the United Missionary Church and begins at 8:15, and an invitation is extended to everyone interested in fine music.

Fertilized Grasses Favored By Cows

Animals graze some grasses more readily than others. It is also recognized that animals graze fertilized pasture more readily than those unfertilized.

Quite often we give the old cow credit for selecting and eating those plants that are good for her. However, reports from the Oklahoma agricultural experiment station tell us that cows eat certain grasses and refuse others.

Studies of fertilized grasses and unfertilized grasses indicated two important substances which affect palatability—phosphorus and sugar.

Available phosphorus is known to be necessary for proper sugar metabolism in the plant.

Both the soil and the manure in these studies were low in phosphorus. Another balance of nitrogen and phosphorus prevented normal sugar formation in the plants and evidently decreased palatability.

Old-time station reported that dark green grass growing around animal droppings was analyzed and found to be higher in protein, calcium, potassium, fat and vitamins than grass grown under normal conditions in the same pasture.

The normal of unaffected plants were always higher in elements such as silica and alumina which reduce palatability of the forage.
